

# Instructions for extended abstract for ICCMCR 2020

Note that the extended abstract for ICCMCR-20 must not exceed **3 printed pages** and can contain figures, tables, or images. Page margins are formed regarding the A4 page size and are 2.5 cm wide from the right, left, top and bottom. Extended abstracts should not exceed 3 pages (maximum 1000 words) including the references and pages should not be numbered

**Title: Times New Roman, Size 16,  
Bold, Centered, 1.5 line spacing,  
with Initial Capital Letters**

**Authors<sup>a</sup> and Authors<sup>b1</sup>, times new  
roman, size 13, bold, centered, single  
spaced, first name before last name (eg.  
V. Lobo)**

<sup>a</sup>*Affiliation in English, times new roman, size 11,  
italic and centered*

<sup>b</sup>*Affiliation in English, times new roman, size 11,  
italic and centered*

The **structure of the extended abstract** should have:

- a) **Abstract (maximum of 250 words), times new roman, size 13, bold**, without indentation, **single spaced** (one line high). Objectives, methods and findings are summarized in this section.

**Keywords (*italic and bold*):** *Maximum* three, written with 10 font size and separated with semi-colon

(capitalize only for the first character)

- a) **Introduction**

Text: times new roman, size 12.

- b) **Methodology**

- c) **Results and Discussion**

- d) **Conclusions:** Please conclude with the most important finding as well as future works (3-4 lines).

- e) **Acknowledgement (option)**

- f) **References**

## 2.1 Table, figure and equations

Format for table and figure are as in Table

Equations should be labeled as in Equation (1) with a number towards the right margin, in case there is more than one equation.

$$P_I = \int_{r_i}^{r_n} p_I dA \quad (1) \quad (1)$$
