### **2.5.1. Continuous Internal Evaluation**

## **Continuous Internal Evaluation**

The Continuous Internal Evaluation system is done meticulously to ensure a clear assessment of the learning potential and level of achievement of each learner. The evaluation process and reforms introduced by the University are effectively implemented by constituting a Department Level Monitoring Committee (DLMC) and College Level Monitoring Committee (CLMC)

### **College Level Monitoring Committee ( CLMC)**

The College Level Monitoring Committee consists of Principal, a teacher in charge (convener) and all Head of the Departments; and DLMC constitute three senior faculties in each department. The individual departments maintain records pertaining to the assessment and evaluation of the students in the Continuous Evaluation(CE) and End Semester Examinations (ESE).The CLMC takes the initiative of conducting periodic internal examinations through a centralised system. It monitored the entire process and entrusted with task of scheduling the internal examination dates in tune with the academic calendar of the University.

## Department Level Monitoring Committee (DLMC)

DLMC is constituted by faculty of each department. The individual departments maintain records pertaining to the assessment and evaluation of the students in the Continuous Evaluation(CE) and End Semester Examinations (ESE).The DLMC and CLMC ensure transparency in the evaluation process. The schedule of internal examinations is announced and question papers from the concerned teachers are collected by the internal examination committee. All internal assessment marks are published in the notice board of respective departments. Complaints, if any, are first addressed by the head of the departments and then forwarded to the college level committee and remedial actions are taken. The internal marks are then uploaded in the university website. Hard copies of CE grade sheets are kept as record in departments. University guidelines for evaluation reforms are austere followed by the college. DLMC meetings analyze the results and decide on steps to be taken to improve the academic performance
